1. The following is an Examiner's Statement of Reasons for Allowance: The claims call for a single planar panel that is removably attached to the golf bag. This limitation precludes other means of attachment found in the prior art. Specifically, this precludes the need for sidewalls as is shown in patent 3061057 to Miller or the use of two panels as is shown in patent 4779725 to Gerber. Furthermore, the front panel of Gerber(34F) does not completely detach from the rear panel(34R) so if the rear panel were considered part of the golf bag, the claim still would not be anticipated. And even though patent 5186290 to Takayama discloses a bag that completely disassembles( see fig. 5), no motivation is seen to make the front panel removable coupled to the rear panel.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chris McDonald whose telephone number is (703) 308-1038.
